

CoreMega Solutions

Company Profile

Solutions for your convenience

CoreMega Solutions provides solutions in network installations, maintenance and other IT related services and products – core to your company's or personal needs, and that is convenient and effective in a big way.

About us

As a newly formed organisation, CoreMega Solutions aims to bring fresh perspectives and solutions to everyday network and IT requirements and needs.

CoreMega Solutions has three directors; Danie Norval, Heinrich de Wet and Clarence Mills, each bringing their particular set of skills and knowledge with regards to IT and business requirements and needs to the table to ensure that we make your life that little bit more convenient.

CoreMega Solutions currently functions in the Rustenburg area.

If you are looking to install a new network in your office or home, need to maintain or update an existing network infrastructure, in need of server administration or maintenance, require IT products such as notebooks, printers, routers etc. and need professional advice as well as high quality service, you are in need of CoreMega Solutions.

For a range of products that we have available for sale, as well as any queries regarding the installation or upkeep of network and server setups in your office or home feel free to contact us:

Danie Norval : 071 898 7160

Heinrich de Wet : 071 292 3889

Clarence Mills : 081 048 5225

We will gladly give you an obligation free quote.

Vision & Mission Statement

Our vision is to make everyone's day a little more convenient by providing core solutions for your company's or personal network and IT related needs and requirements.

Our mission is to deliver high quality service, affordable, cost saving and quality products. We will save our customers and clients time and money, through sustainable and reliable solutions.

Our Values

CoreMega Solution prioritizes being mindful, respectful and caring of all stakeholders affected by the conduct of business. This includes adhering to legislative requirements, promoting green business in an effort to protect our environment, treating all stakeholders justly and fairly, conducting ethical business and delivering the quality service and products we commit ourselves to.

Our Service

CoreMega Solutions identifies your company's or personal network needs, advises you on which products you should consider to install to optimize the performance of your network, sell you the necessary products at an affordable price, and then installs the network to your satisfaction. We also offer you maintenance or updates on existing network installations, just to make matters so much more convenient for you.

Our Products

CoreMega Solutions provides you with an array of various IT and IT solutions products. This includes, but is not limited to:

- Notebooks
- Printers
- IT consumables
- Networking equipment
- Desktop Computers and peripherals
- Biometric Time and Attendance systems and services
- IP cameras
- Network-based security measures and supporting products

Furthermore, we offer website design and development as well as web and email hosting.

All at an acceptable and affordable price, guaranteed to make life at the office, or home, that much simpler.

A list of the most commonly sold items is available for your consideration upon request.

CoreMega Solutions is aimed at making you smile, so, if you are having a hard time finding that illusive product you have in mind, we will also go above and beyond the normal to help you find it.

Conclusion

CoreMega Solutions believes in sustainable, responsible, quality business conduct. By providing you with the core solutions to ensure that you have one less worry on your mind, we believe that we can achieve great business partnerships as well as retain customers and clients who are looking for solutions for their personal network and IT related needs.
